GTS342R6A TOTAL STATION

21 Basil Str, Ferndale, Randburg Tel: +27 11 793 3632 / +27 83 250 7200

KEY FEATURES

600m reflectorless measurement Laser pointer, easy to find target

Data transfer and storage Flash disk and SD card, Mini USB.

Bluetooth transportation BT 4.0, easy connect to data collector, gyroscope etc.

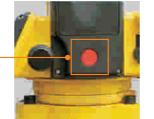

High resolution touch screen 3.5 inch touch screen, translucence and semireflective design, 320*240, easy to read under sun shine.

T-P sensor, automatic correction

Totally new design for battery

EDM Trigger Key Quick Measure Key locates at on the side cover, which avoids any possible torque during the angle measurement. Especially ideal for gloved hands.

 Backlights touch point keypad Fast reaction and precise, combination with touch screen. Convenience and quickly.

 Active screen back light Technologic Double screen, operation on this side, other side will close backlight to save energy.

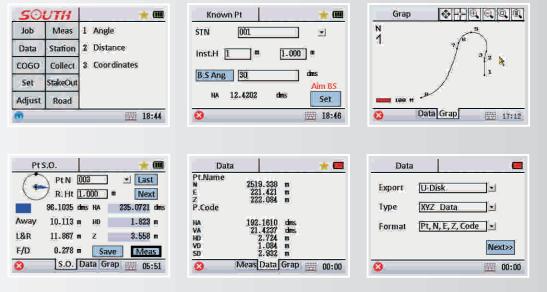

SOFTWARE INTERFACE

50	UTH	
Job	Meas	1 Ang
Data	Station	2 Dist
cogo	Collect	3 Coo
Set	StakeOut	l
Adjust	Road	

Turning the complex professional job into graphical operation, intuitively and easily even for beginners.

APPLICATIONS

Dam Measurement For target within 600m, prisms are not required. The surveying work

is easily finished

PROGRAMS

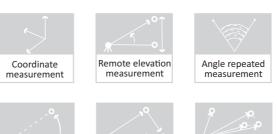

Construction Measurement

Measure the corner and wall

surface by yourself without

is improved

setting the prism, the efficiency

Sensor

Encoding

Compensation

Dual

Laser Plummet

Bluetooth

USB Interface

Distance offset

Plane offset

Shipbuilding Measurement Large shipbuilding surveying and positioning

Tunnel Measurement Be able to observe measuring point without prisms. Pointlayout becomes easier
